Technical Details

Contract Health: High Risk

This contract contains several terms that may expose the business to financial, operational, or legal obligations.

MeridianIQ recommendation: Manual review is recommended before signing.

Contract Health Score: 53/100

Contract Snapshot

Contract Health	Important Clauses Found	Review Items	Manual Review
High Risk	17	3	Yes

Processed 20,693 characters into 26 readable contract sections.

⚠️ Top Things To Review

Exclusivity obligation found

Why this matters

Creates exclusive dealing obligations that may limit business flexibility.

Suggested action

Review exclusivity obligations and assess whether they restrict future business opportunities.

Area: Competition Risk | Severity: Critical

Employee non-solicitation restriction found

Why this matters

Restricts hiring or solicitation of the counterparty's employees.

Suggested action

Review employee non-solicitation restrictions for scope and duration.

Area: Competition Risk | Severity: Medium

Post-termination obligations found

Why this matters

Creates obligations that continue after contract termination.

Suggested action

Review post-termination obligations and estimate operational burden.

Area: Lifecycle Risk | Severity: High
